## **DETAILED ACTION**

### ***Summary and Status of Claims***

1. This Office Action is in response to Applicant's reply filed July 25, 2008.
2. Claims 19-36 are pending.
3. Claims 19-36 are rejected under 35 U.S.C. 112, first paragraph.
4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

5. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. **Claims 19-36 are rejected under 35 U.S.C. 112, first paragraph**, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

7. In particular, independent claim 19, as amended, recites "wherein the persistently scanning is performed without notifying the subject of the scanning identity information of the one or more individuals" in limitation (b) and "to ensure that the one or more databases scanned cannot identify the specific target of the scanning" in limitation (c). Independent claim 26 recites similar limitations. These limitations are not described in the specification. In fact, these

Art Unit: 2163

limitations are not mentioned at all. Applicant's response does not indicate where support for these limitations can be found. In reviewing the most recent amendment to the Specification filed on July 29, 2002, no mention or implication of these limitations can be found. It is unclear how Applicant derived the amendments from the current state of the Specification. At best, the Specification describes accessing the one or more other databases through a secure internet channel. Spec Amendment at pg. 1. However, this does not describe in any way the amended limitations repeated above. It also does not apply the possibility of these features.

### ***Response to Amendment***

#### **Objection to claims 1 and 26 for Minor Informalities**

8. Applicant's amendment to claims 1 and 26 to address the minor informalities is acknowledged. Consequently, the objection to claims 1 and 26 is withdrawn.

#### **Rejection of Claims 26-36 under 35 U.S.C 101**

9. Applicant's amendment to claims 26-36 is acknowledged. Consequently, the rejection to claims 26-36 under 35 U.S.C. 101 is withdrawn.

### ***Response to Arguments***

#### **Rejection of claims 19-36 under 35 U.S.C. 103(a)**

10. Applicant's arguments in regards to the rejections to claims 19-36 under 35 U.S.C. 103(a), have been fully considered and are persuasive in view of the newly amended limitations. Consequently, the rejection to claims 19-36 under 35 U.S.C. 103(a) is withdrawn.

Art Unit: 2163

*Allowable Subject Matter*

11. Claims 19-36 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 1st paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

*Conclusion*

12. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

13. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
